PRESS AGENTING SUFFRAGE
Campaign Manager Miss C. M. Flanagan Arrives to Boom Miss Todd's Lecture.

Miss C. M. Flanagan, campaign manager for the woman suffrage meeting to be held in this city Friday evening was in town Tuesday in the interests of the meeting. Thursday several of the workers in the cause will invade Willimantic, and make a strenuous campaign for a record attendance at the Opera House meeting. If the weather is auspicious, one or more factory meetings may be arranged for, during those days.

Tuesday each voter in this city was mailed a letter, and a couple of letters for Friday night's affair, the letters reading as follows:
Dear Friend: You are cordially invited to attend a suffrage meeting with moving pictures at the Loomer House on Friday, February 11th, at 8:00 p. m.
Mayor Daniel P. Dunn will open the meeting, and Miss Helen Todd of California will be the speaker. Her subject will be "Woman Suffrage and the Worker."
Miss Todd, because of her social and political experience, is unusually well fitted to speak on this topic. She was state factory inspector of Illinois for six years. In this capacity she gained vast insight into the working conditions of women and children in our industrial states. Miss Todd also worked for five years in settlement work, making her headquarters with Miss Jane Adams at Hull House, Chicago.

In 1911 Miss Todd went to California and entered the suffrage campaign. In 1912, as soon as the women had been given the vote, Miss Todd began the work of organizing them into civic leagues in order that they might make the most of their new power through intelligent and concerted action.

What the effect of full citizenship has been on the women themselves is an absorbing story which Miss Todd loves to tell.
We hope that you will come and that you will invite your friends.

Very truly yours,
C. M. FLANAGAN
Campaign Manager.

HAVE COLOR IN YOUR CHEEKS
Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets. Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.
Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their oil.
If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause.
Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists.
Take one or two nightly and note the pleasing results.

FOODS STRONG STOMACH CAUSES INDIGESTION, GAS

"PAPE'S DIAPEPSIN" ENDS ALL STOMACH DISTRESS IN FIVE MINUTES

Wonder what upset your stomach—what portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul; tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a stomach. Little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without worry.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is damaged instead of help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach. It's so unnecessary.

JEWETT CITY
Jesse Phillips' New Kentucky Dog Ties Our Wary Fox—Animal Weighs Ten Pounds—Is a Bad Seed—Meeting of Gardiner Class—Engagement Announced.

The letter in The Bulletin of Thursday, Feb. 3, from "Madam Raymond of Black Hill" caused no little excitement among local fox hunters, especially in the far renowned "Bad Seed" Fox club. Probably a no more notable trial of fox hunters exists anywhere in this section than the Phillips cousins, Jesse and Will. All of the fox hunters have been the owners at different times of foxhounds with actual results that are, to say the least, astonishing.

When the letter mentioned above was read in the club last Friday morning everybody present, dogs and all, sat up and at once took notice.
Now Jesse Phillips has just been presented by a Jewett City man, who is much interested in the call of the wild, a thoroughbred pedigreed southern foxhound from well known Kentucky kennels.

Judging from the statements made by Madam Raymond, no ordinary dog would have kept him on her trail, so without fear she boldly announced her coming to this section. Here, then, was a chase in prospect worthy of even the proverbial little Joe, for that is the new dog's name.

Bright and early Saturday morning the game began. Common dogs came and joined in the chase, but were quickly eluded by the wily vixen. Little Joe held on all day, the chase coveting the fox, and the fox coveting the hunters, posted in never-failing runways, never saw a hair.

Monday the fox was started again, and what followed conclusively proved two things—no ordinary fox and no ordinary dog. Along towards night, six other dogs having been completely fooled and thrown off the scent, Little Joe, not being of that sort, drove the vixen straight through the day and night. A charge of heavy buckshot brought matters to a close.

Mr. Phillips, who has shot more than a hundred foxes, says he has never anything like the scheme undertaken by this fox to elude the dog. Early in the chase the fox ran in a big circle, round and round in the same track, with two dogs in full cry close behind. With a big jump of 10 feet to one side, the fox left the track, and at last reports the dogs were still keeping to the circle.

In the afternoon, in a swamp back of the Branch place, the fox took to the water several times, ran on stone walls for rods, and when shot was jumping from the top of one big boulder to another, from which the snow had melted.

The fox weighed ten pounds and was covered with old shot wounds.

REPORTED INDICTMENT OF CONSUL GENERAL BOPP.
Probably Will Be Returned by Federal Grand Jury Thursday.

San Francisco, Feb. 8.—The reported indictment of Consul General Bopp, according to federal officials, probably will be returned by the federal grand jury when it reconvenes Thursday. It was understood that Mr. Bopp and a number of other persons, probably including foreign governmental representatives, were the subjects of suspicion agreed upon by the grand jury during the last few weeks in connection with a series of alleged violations of American neutrality laws.

Included in Bump Plot Indictments.
Franz Bopp, German consul-general here, and Baron E. H. Von Schack, vice consul, were included in bomb plot indictments returned by the federal grand jury which will meet Thursday to return them, according to John W. Preston, United States district attorney. The indictments in all were voted, he said, in neutrality cases.

Bopp was reported indicted under the Sherman anti-trust law, and under the section of the penal code which forbids a conspiracy to set on foot military expeditions from the United States against a friendly nation.
Details of the indictment were not sent here but officials understood that this section of the law was resorted to because of alleged plans for an expedition against Canada.

INDIAN APPROPRIATION BILL PASSED IN HOUSE.
Carries in the Aggregate About \$10,175,000.
Washington, Feb. 8.—The annual Indian appropriation bill, including provision to pay Choctaw and Chickasaw tribesmen \$7,500,000 in accrued profits on their lands, was passed today in the house. It carries appropriations aggregating about \$10,175,000.

The measure would grant \$200 to each of 600 Choctaws and \$300 to each of 21,000 Chickasaws, most of whom live in Oklahoma. An effort to include 1,500 Mississippi Choctaws failed. Several representatives, including former Speaker Cannon, pleaded for complete freedom for the Indians at the earliest possible date. "The sooner you put them in charge of their property, the sooner you will cease to make paupers of them," said Mr. Cannon.

ing to the information here the Sacramento virtually was a supply ship of the German navy and made San Francisco a base for her operations.
Officials pointed out that there is no question as to the right to indict a consul of another country. Such officials do not enjoy the immunity of diplomats.
